

DOLLAR DAY IS
NEXT INTERESTING
EVENT

Friday, October 13th, Will Be
Occasion for Great Bargain
Festival for Shoppers

YOUR DOLLAR WILL BUY MORE

A few people of Clearfield and of the county have been greatly interested in the murder trial and most everybody has been casually interested but the next big event for Clearfield will interest everyone within a twenty-five mile radius of this grand old burg. It is going to be one grand big festival of one dollar bargains offered by practically every storekeeper of Clearfield.

Dollar Day has become an institution in all the surrounding towns of the vicinity. Punxsutawney, DuBois, Altoona and Johnstown have all had theirs and of course Clearfield merchants do not believe in staying in the rear so are going to pull off the same stunt as their big brothers in nearby towns.

At a meeting of the Merchant's bureau of the Chamber of Commerce held last night at the Chamber room, it was decided to hold a Dollar day in Clearfield on Friday, October 13th.

The ways and means of the general publicity were discussed and there was a committee appointed to interview each and every merchant, irrespective of size and location, to ascertain who would participate.

There is little doubt but what the most of the Clearfield merchants appreciate the importance of Dollar Day as a civic institution and there is no doubt that the folks of Clearfield and the surrounding country will greet with pleasurable anticipation the great money-saving event.

Dollar day last year was a success and from the enthusiasm displayed at meeting last night there is no question but what this year's event will far surpass anything that has been done heretofore in Clearfield in such a concerted merchandising movement as this will be.

BIRTHDAY OF
NOTED SCIENTIST

Washington, Oct. 4.—Today is the seventy-fifth birthday of Dr. Thomas Corwin Mendenhall, the oldest living former superintendent of the United States Coast and Geodetic Survey, and a physicist of international reputation. Dr. Mendenhall resided for many years in Washington, but since his virtual retirement from active affairs he has made his home in Ohio, in which state he was born Oct. 4, 1841. His life has been filled with honors and activities covering an unusually wide field. In addition to the superintendency of the coast survey he has filled at various periods in his career professorships at Ohio State University and the Imperial University of Japan and the presidency of Rensselaer Polytechnic Institute and of Worcester Polytechnic Institute. He was a member of the first Bering Sea Commission and of the Anglo-American boundary commission in 1892-94.

Robbers Take \$425 Worth of
Gold and Platinum From Dentist

Enter Office of F. D. Leipold Last Night and Have Not Yet Been Apprehended.

Dental parlors of this region have been singled out by a robber or robbers operating through Clearfield county and the dental parlors of F. D. Leipold were robbed last night of over \$400 worth of gold plate and platinum. It will be remembered that about a week ago three dental offices of DuBois were robbed in one night. No doubt the crime here was committed by the same party or parties although the officers are not confining their investigations to this line alone.

Dr. Leipold left his office last night at ten thirty after working all evening and returned this morning shortly after seven o'clock and did not discover the robbery until he went into his work room to start on a piece of construction work where he left off last night. Not finding it in the spot where he left it he thought he might have put it away but could not re-

Peranchi Appointed
To Succeed Okuma

New Prime Minister Is Advocate of
Aggressive Expansion Policy.

Tokio, Oct. 4.—(By United Press)—Mecha Peranchi has been appointed prime minister to succeed Okuma who resigned yesterday. Peranchi who has been governor of Korea is a fighting man has been strongly supported by Japanese leaders favoring a strong military policy. He is understood to have the candidate of the upper house in the Japanese parliament. He is described by writers as the champion of an aggressive expansion policy particularly that which refers to China. One of the Japanese newspapers recently declared that if Peranchi became prime minister it would not be long before the Japanese army would be on its way to Peking.

BROTHERHOOD OF ST. ANDREW.

Cleveland, Oct. 4.—Prominent clergy-men and delegates from every section of America assembled in this city today for the thirty-first annual convention of the Brotherhood of St. Andrew, the great laymen's organization of the Episcopal church. Today was devoted to the reception of the visitors and the sessions of the national council of the organization. Tonight the keynote of the convention is to be sounded at a dinner which will have as its principal speakers Bishop Anderson of Chicago and Geo. Wharton Pepper of Philadelphia. The regular sessions of the convention will begin tomorrow morning, with President Edward H. Bonsall of Philadelphia presiding.

Tener Will Not Act
On Charge of McGraw

McGraw Charges That the Giants
Laid Down in Yesterday's Game.

By H. C. Hamilton
(United Press Staff Correspondent)
New York, Oct. 4.—President John K. Tener of the National league declared to the United Press early today that nothing will be done from his office regarding the charge of Manager John McGraw that the Giants quit in yesterday's game with Brooklyn. Tener's declaration followed a statement by President Herrmann of the National commission that the matter has been laid to rest so far as the commission was concerned. There regrets that so much is made of the matter that appears to him to be of very slight importance. Herrmann declared that the commission would not take up the matter.

MONTANA BAPTISTS
IN CONVENTION

Lewistown, Mont., Oct. 4.—The annual Montana Baptist convention which will begin here tomorrow, was preceded today by the annual session of the Baptist Ministers' union. Delegates from all parts of the States are here for the gathering. The convention sessions will continue several days and will be devoted to an exhaustive review of the missionary, educational, evangelical and other activities of the Baptist denomination in Montana during the last year. A number of lay and clerical leaders of national reputation will be heard during the convention.

\$80 FOR ONE ROBIN

Philadelphia, Oct. 4.—A vigorous campaign against destruction of birds is under way today in the suburbs of this city. Information has reached the authorities that every year, just before late birds start their migration south, many boys and some men roam through the woods with guns, believing the game wardens will not be on the "job" so late in the season. One man has been arrested and it cost him \$80 for one robin, one flicker and a plebian sparrow.

Grampian Fair Better
Than Was Expected

A Greater Program Tomorrow and a
Crowd Will Be There

The first day of the Grampian Juvenile Fair, in attractions, weather and exhibits is far in advance of expectations. Thousands of exhibits are on display, including thoroughbred horses, cattle and poultry. Farm products and articles made by the boys and girls of Grampian and vicinity are there in abundance. People who have viewed the exhibits claim they are the finest they have seen for years. J. S. Briggs, state insect exterminator is there with his exhibit of bugs and birds and will give a lecture there tonight.

Tomorrow will be another great day at this fair and is expected to excel today in attendance with its attractions. There will be a big industrial parade at 2 p. m. and Con Allen and his wonderful musical family of DuBois will be on hand to entertain. There will also be folk dances by the children and music by the Grampian band. Take the trip by auto tomorrow. You will find this fair a fine thing and it will surpass your expectations.

TAFT-ROOSEVELT
HANDSHAKE IS
TAKEN AS SIGN

Wilcox Says It Is Evidence of
A Reunited Party and That
The Meeting Was Cordial

FIRST MEETING IN YEARS

New York, Oct. 4.—(By United Press)—The visible sign that the party is completely reunited was how Republican leaders today viewed the Taft-Roosevelt hand shaking at the Union League club last night and that the affair was not just a "How Do You Do" followed by cool formality but that there was considerable "gushing" when the men were leaving. They were jammed in the elevator when one of them said "that was fine" (meaning the speech) "you just hit the point." The man who chronicled the affair was not a good reporter for he did not say which one of them said it or did he give the other's reply, if there was one. He left the impression that Colonel had done the talking. Chairman Wilcox of the Republican National Committee held that meeting showed the country that the party was reunited.

RECALLS NOTHING
UNTIL ARRIVAL AT
GRAVEYARD

So Says W. R. DeHaas to Mr.
Moore in Interview at
Holidaysburg

Left Detroit In Trance and Knew
Nothing Until He Found Himself
In Grave Yard Near Barrett
Station Below Clearfield.

The DuBois Courier this morning gives an interesting account of the troubles of W. R. DeHaas who has been in the limelight for some time over his peculiar actions in Clearfield and nearby towns. We reprint this article because Mr. DeHaas is so well known in this locality and all his friends will be glad to hear any of the particulars relating to the unfortunate circumstances of his life.

II. A. Moore, Esq., accompanied by Mrs. Moore and daughter, Grace, returned from Baltimore last evening and en route Mr. Moore visited W. Rush DeHaas at the hospital in Holidaysburg and gave the Courier representative the following information in reference to Mr. DeHaas' condition:

Mr. DeHaas, on the 15th of September, held a responsible position with the Detroit Steel Products company, received his pay check and took it home and left it with his wife. He had been working hard, reaching the office very early every morning and finally became a victim of insomnia and was unable to eat his meals. On the morning of the 16th he started for the office and finding a drizzling rain, returned to the house for his umbrella and started anew. On his usual route it was his custom to look at the clock in the tower of the High school building and this morning he noted the time and this is the last recollection he has of himself and his doings and whereabouts until he awakened one morning nearly a week later in the old grave yard near the Barrett railroad station, below Clearfield, at his mother's grave. From this time on until he was taken in charge at Altoona he can recall but a few things which occurred, knows he was in Clearfield, then he grabbed a grip and started for a train, but is not aware that he took or used anything which belonged to anybody else. When he left Detroit he had but his usual pocket change with him and he is at a loss to know how he could have reached this section with so little money. That there could have been no motive whatever for his actions in Clearfield and Altoona is evidenced by the fact that he had plenty of money in a bank in Detroit, having lately disposed of his residence in DuBois, and the night before he entered upon his wanderings he had ar-

Justice Stafford So Decides In Case
Affecting L. & N. Railway.

Washington, Oct. 4.—(By United Press)—The Interstate Commerce commission is empowered to inquire into the policy of the activities of the railroads, Justice Stafford of the District Supreme Court decided in an order to Milton H. Smith, president of the Louisville & Nashville railroad who refused to answer questions asked by Council man Folk. Smith alleged that it did not come under the scope of the commission's power to inquire into the private affairs of the railroad.

CATHOLIC CHANCELLOR
KILLED IN AUTO WRECK

Peoria, Ill., Oct. 4.—(By United Press)—One of the worst automobile accidents to happen in many months took place here Rt. Rev. Sheuertz, chancellor of the Peoria Catholic diocese was killed outright and Bishop Dunne and Father Shannon, Vicar-general were seriously injured today. The accident happened at Peoria Heights, the automobile turning over and pinning Father Sheuertz under it. Bishop Dunne was injured internally and Father Shannon sustained a broken leg. The party was on its way to Princeville to attend confirmation services.

LAND PRODUCTS
SHOW AT SEATTLE

Seattle, Wash., Oct. 4.—The most extensive display of agricultural products seen in Seattle since the Alaska-Pacific exposition is the Northwest Land Products show, which opens in the Arena to day for a ten days' engagement. The exhibition embraces attractive displays of all varieties of fruits, vegetables, grains and grasses grown in this section of the continent. Montana, Oregon, Washington, Idaho and British Columbia are represented by State and county displays. Alaska also has an attractive exhibit.

Steel Mill Shuts Down
Saloons Closed Down

Big Plant at Donora Closes Doors
to 1500 Employees.

Donora, Pa., Oct. 4.—(By United Press)—All saloons have been shut down following the closing of a plant of the American Steel & Wire company. 1500 men are out of employment and it was feared there might be a riot. Most of the men have sought work elsewhere, but the majority of workers with families have remained. The company alleges they closed for repairs.

TO INSTALL NEW
HEAD OF DARTMOUTH

Hanover, N. H., Oct. 4.—The various committees today put the final touches to the program of ceremonies to take place in connection with the formal inauguration of Dr. Ernest Martin Hopkins as president of Dartmouth College. Tomorrow there will be reunions and other features preliminary to the installation of the new president, which will take place at exercises to be conducted Friday morning in the college chapel. The program prepared for the occasion will aim to emphasize throughout the place of the old-time college in the scheme of present-day education.

FIRE UNDERWRITERS
OF NORTHWEST

Chicago, Ill., Oct. 4.—The annual convention of the Fire Underwriters' Association of the Northwest met in this city today, with headquarters at the Hotel LaSalle. Several hundred fire insurance special agents, representing many large companies in the Northwestern states, are attending the meeting. The sessions will continue three days.

ranged for the purchase of a home in Detroit.

Mr. Moore interviews Dr. Sommers, the county physician of Blair county, in whose care Mr. DeHaas has been. Dr. Sommers has closely watched the case and says it is the third of this kind in the many thousands of patients he has treated for mental difficulties. Dr. Sommers diagnoses the case as a nervous breakdown, brought on by overwork, causing insomnia and finally his condition when he left Detroit and also says that Mr. DeHaas was entirely irresponsible for his actions during this period.

District Deputy Grand Master
Donald A. Daugherty

ONE OF BEST LODGES IN STATE

The local lodge of Odd Fellows held a meeting of unusual interest last night and a large attendance witnessed the installation of new officers by Special District Deputy Grand Master Donald A. Daugherty.

This lodge is one of the best in this section of the state and particularly ranks among the leaders in relief for widows and orphans of Odd Fellows. The membership is near four hundred and is steadily growing in membership with good live young fellows with whom it is a pleasure to associate.

The new officers are as follows:
Past Grand, O. T. Tobias.
Noble Grand, John W. Barratt.
Vice Grand, Wm. E. Gilliland.
Trustee, Wm. P. Sheeder.
R. S. N. G., Frank Rook.

Wilson Subject at
Omaha Announced

Will Be "Preparedness for Peace"
Which Is a Live Topic.

Pittsburgh, Pa., Oct. 4.—(By United Press)—On board President Wilson's train. President Wilson is rushing today for his first big campaign trip to the heart of the country. He will cover the same route that he covered last winter. "Preparedness for Peace" will be the title of the address given by President Wilson at Omaha on Thursday evening. The President was here for two hours but few knew it. Several hundred railroad men and Democrat enthusiasts stood around the private car in which the President slept. The trip west is a fast one. From Chicago the President will take the "air line" and will go on to Omaha with few stops.

PLAN FIGHT ON PREJUDICE.

Washington, Oct. 4.—A nation-wide organization of colored citizens formed to combat race and colored prejudice and discrimination is expected to result from a two-day meeting of the National Colored Citizenship League, which began its sessions in this city today. The conference is being held under the auspices of the National Equal Rights League, of which the Rev. Byron Gunnar of Hillburn, N. Y., is the president. Delegates from widely-separated sections of the country were on hand at the opening of the proceedings today.

Louis Shapiro left last evening on a business trip to Lock Haven.

British Force Under Gen. Haig
Take Eaucourt-L'Abbaye

Bulgarians Take Possession of Varnal Railway
Fear is Felt for Roumania

London, Oct. 4.—(By United Press)—British forces under General Haig advanced their lines to within three miles of Bocham and have taken the town of Eaucourt-L'Abbaye after violent fighting for several days. The capture resulted after nearly all the Germans were driven from the town. The Germans stubbornly held up during the fighting. French forces on the Somme have taken 200 German prisoners while Bulgarians have taken the town of Malok on the Danube according to official announcement. It was admitted in Sophia dispatches that Bulgarians have taken possession of the Varnal railway. No anxiety is felt for Roumania however, the fact that they have planted their forces along the Danube is felt to be proof enough that they command the situation.

Berlin, Oct. 4.—Roumanian forces have crossed the Danube and the Bul-

AUTHORS
WITHIN

Some Members of
League Want to Announce
American Federation

DO THEY REALLY LIVE

New York, Oct. 4.—(By United Press)—A struggle may be in the air to disrupt sometime this fall the Authors League of America membership includes some of the famous American writers of letters. It is on.

A goodly faction want to be joined to the American League of Labor. The Jack London and a group think this move would be a private, disadvantageous move.

The matter will be an end-run vote with membership threatening to resign in party triumph.

In June a committee Thompson Buchanan, a parent committee that could profit by joining the Federation had done several of its officers it to have it come in.

The committee found that the Federation could help obtain thors, control of copyrights, most universally copyright publishers, and standard contracts. Just what would gain in a material made plain. Its chief pointed out, would be the friendship of 1300 authors forming public opinion.

Authors would have to see fit to exercise their right to strike and bargain individually. Among those lined up are: Brander Matthews, Howells, George Ade, Willa Cather, Irvin S. Cobb, Edna St. Vincent Millay, Samuel G. Blythe.

Some of the "Affiliated" authors are: Robert H. Bates, Hannan, George Barr, Walter Pritchard Eaton, and George Creel.

The membership campaign down to the payment of dues. exact time of taking the been determined. When report was made the time fixed as October.

CURWENSVILLE NEWS

Miss Amanda Laing returned one last week from a lengthy visit to relatives in West Virginia.

Mrs. Joseph Hipps and Mrs. Alice Linder, South side, will leave on Thursday for Wilkes-Barre where they will attend the W. C. T. U. convention.

Curwensville physicians report the town generally in a healthy condition. There are very few cases of illness, either among the children or adults.

H. K. Carpenter, of Clarksburg, W. Va., arrived at the Park House Sunday evening. He will spend the remainder of the week with his parents and his family.

William Norris, a son of Samuel Norris, residing in Pike township, had all luck last Sunday to shoot a hole through one of his toes while engaged in extracting some cartridges from a gun. Dr. Blair dressed the injury.

George Laing left yesterday, his objective point being Connecticut. He went out on this trip by a truck company to trace and locate five loads of brick which were shipped from the works some time ago. If the cars are still on terra firma "Reddy" will be sure to locate them in good time.

Members of the school board certainly had their hands full yesterday evening complaining from parents who had children that were being transferred from one school house to another. South side children kicked about coming over to this side of town, and the children over on this side did not want to go to the South side.

The Mrs. Owens' adult bible class at the M. E. Church held a dime social in the basement parlors of the church last evening. Thirty members responded to the call and were present. Coffee, cake and

ice cream were served as refreshments. The collection amounted to \$3.15. On Thursday evening, October 12th, this class will hold what they will term a birthday social, and will put in most of their time sewing and working fancy work.

Ed. Wilson met with an auto accident yesterday afternoon which might have resulted disastrously to himself and to his companion. He and Constable Moore were on their way to Clearfield from Glen Richey and on the hill above Clearfield the wheels of the machine collided with a stone, turned the auto into the bank and turned turtle. Both men were thrown out and received several severe cuts and bruises. The windshield of the machine was broken and other damage done. Mr. Wilson was driving the Penn Public Service company's new Ford.

It was a noticeable feature that the American flag at the public school buildings was not unfurled on Monday at the opening of the schools. Whether this was an oversight or the flags had become so tattered that they could not be thrown to the breeze, was not learned last evening. It thrills the heart of every school child to see Old Glory floating from the top of the high flag poles and they were the ones who missed it most on Monday morning. Run up the old flag and let her float as long as a thread of it holds together, and when the present one is no more, another one will be forthcoming immediately.

The W. C. T. U. petitioned borough council Monday evening for the privilege of using the borough building over on Susquehanna avenue on Friday afternoon of each week for the purpose of conducting a class in physical culture. Council readily granted the request, and further advised the ladies that they were welcome to use the ground floor of the first ward building, as they would then have an already heated room. Whether the class was to consist of both sexes or

of just females was not stated, but let it be as it may, the idea is a good one, and when the class becomes rightly installed and at work, good results will surely follow.

Borough council at its meeting Monday evening was not attended by a full board, those present being Pres. Irvin and Strickland of Second ward and Messrs. Smith and Johnston, First ward. The first thing done was the reading of a communication from Burgess Caldwell relative to his veto on the M. A. Caldwell drain matter. The minutes of an adjourned and last regular session was read and approved all but the burgess' veto drain item. John McLaughlin was present and asked for a sidewalk grade in front of his property on east side of river. This brought on a discussion regarding the rightful ownership of said street and the keeping up of sidewalk in rear of his property leading to top of Irvin hill. Finally it was obtained that the grade be established. Mark Patterson was also present with a complaint relative to property owners below him having no sidewalks, and that he was tired wading mud and asked council to enforce ordinance relative to building walks. Referred to burgess who will serve the proper and legal notice on said owners, Messrs. Spencer, Patton and Harris. Sewer committee on the W. D. Gates complaint continued. Robinson and Bloom tap question came up and it was agreed that Bloom was willing to pay his by payments while the Robinson side was referred to the solicitor for collection. Burgess reported progress on the pavement building, and will proceed at once on properties who were legally notified to build and have not complied. The Bailey walk on Meadow street was reported to be in bad condition, and burgess stated that the owner had been legally notified to repair or rebuild some time ago. The proposition to put in a fire plug on the Harrison road was abandoned as it was reported that the water on that line had not sufficient force to do any good in case of a fire. Nothing further along business lines was done, except the passing of some bills and the drawing of borough warrants for the amounts.

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if bladder bothers You.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation (torpid liver, sleeplessness, bladder and urinary irritations).

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

VETERANS OF WEST VIRGINIA.

Huntington, W. Va., Oct. 4.—Hundreds of Confederate veterans from all sections of West Virginia and a number from the neighboring States are here in attendance upon a two-day session, beginning today, of the annual reunion of the West Virginia Division, United Confederate Veterans. The city is profusely decorated in honor of the old soldiers. Gen. C. S. Pyton, division commander, presided at the opening of the proceedings today. Among those scheduled to address the reunion is Robert E. Lee of Baltimore, a grandson of the famous Confederate Chieftain.

High Toes and High Heels, But Not High Prices.

In our showing of the New Fall Styles you will find all the latest kinds known to the shoe craft without the usual high prices attached

We are after a big volume of business.

We're satisfied to let the other fellow sell a few pair a day at a large profit. We want to sell triple the amount he does and only make half the profit he makes and that's just what we are doing every day. We're handling an immense volume of business at a small margin of profit, how do we get the business? We put more money into a Shoe to sell at a given price than any other shoe dealer in town. This extra money talks. It brings out more styles, better class of workmanship, higher grade leather, finer trimmings and make the extra Value Stick out all over our Shoes and they sell themselves to the person who compares.

Just take a glance into our Show window. Some day or better yet drop in and slip on a few of the many styles. Our competent feet fitter will show you and will tell you more in a moment than we could write on a full page.

Beaver Falls, Pa., Oct. 4.—(By United Press)—Twisting a rope tightly around his neck Steve Sessler choked himself to death today in the Beaver county jail where he was held awaiting sentence for the murder of Dr. Clarence Lockhar. Sessler shot Dr. Lockhar down in the street in cold blood a few weeks ago.

CINCO CIGARS

Now Five Cents Straight

Owing to the increased cost of production, the manufacturers of CINCO Cigars, OTTO EISENLOHR & BROS. INCORPORATED, have advanced their selling price to the dealers, and, in the future, this cigar will be sold to the consumer absolutely at five cents straight, instead of six for a quarter, as heretofore.

The CINCO Cigar has attained a national reputation, and, through the maintenance of a high standard of quality, has become the largest seller in the world, and the manufacturers deemed it advisable to advance the price rather than sacrifice its long-established quality.

Straws Show—

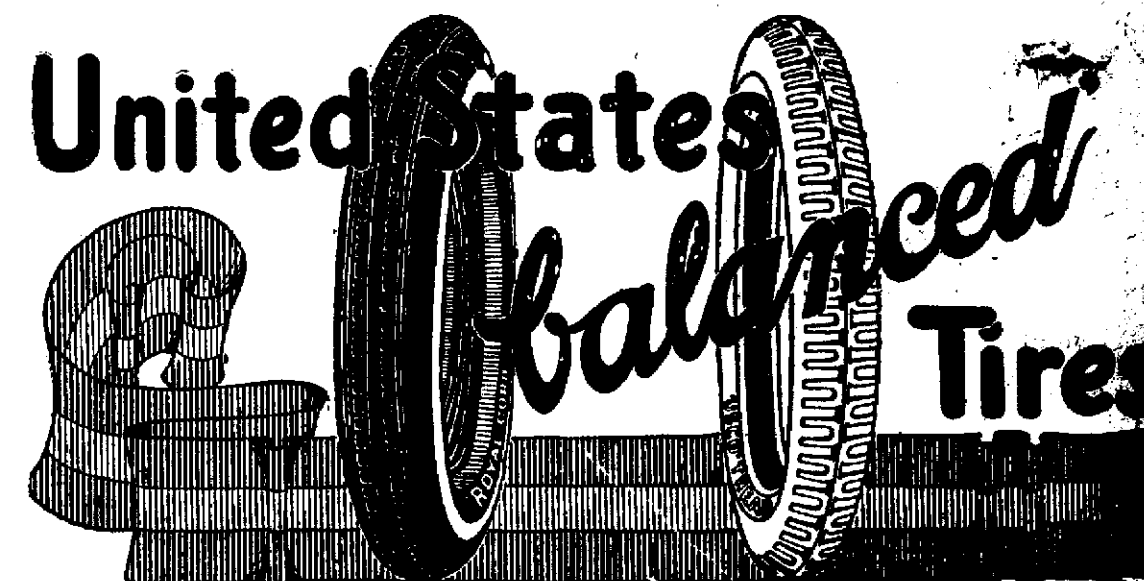

Motorists buy a certain make of tires for the first time because it is sold to them—through advertising, salesmanship, or the good words of satisfied users.

But motorists continue to buy that make of tire only because the first tires have made good—have given satisfactory mileage and service.

Motorists bought United States Tires so consistently that, during the first seven and one-half months of this year, we sold and delivered more tires than during the entire twelve months of last year.

And motorists are continuing to buy United States Tires at the same phenomenal rate.

If straws show which way the wind blows, such phenomenal sales increases certainly show where the best tire service comes from.

DOLLAR DAY IS
NEXT INTERESTING
EVENTFriday, October 13th, Will Be
Occasion for Great Bargain
Festival for Shoppers

YOUR DOLLAR WILL BUY MORE

A few people of Clearfield and of the county have been greatly interested in the murder trial and most everybody has been casually interested but the next big event for Clearfield will interest everyone within a twenty-five mile radius of this grand old burg. It is going to be one grand big festival of one dollar bargains offered by practically every storekeeper of Clearfield.

Dollar Day has become an institution in all the surrounding towns of the vicinity. Punxsutawney, DuBois, Altoona and Johnstown have all had theirs and of course Clearfield merchants do not believe in staying in the rear so are going to pull off the same stunt as their big brothers in nearby towns.

At a meeting of the Merchant's bureau of the Chamber of Commerce held last night at the Chamber room, it was decided to hold a Dollar Day in Clearfield on Friday, October 13th.

The ways and means of the general publicity were discussed and there was a committee appointed to interview each and every merchant, irrespective of size and location, to ascertain who would participate.

There is little doubt but what the most of the Clearfield merchants appreciate the importance of Dollar Day as a civic institution and there is no doubt that the folks of Clearfield and the surrounding country will greet with pleasurable anticipation the great money-saving event.

Dollar day last year was a success and from the enthusiasm displayed at meeting last night there is no question but what this year's event will far surpass anything that has been done heretofore in Clearfield in such a concerted merchandising movement as this will be.

BIRTHDAY OF
NOTED SCIENTIST

Washington, Oct. 4.—Today is the seventy-fifth birthday of Dr. Thomas Corwin Mendenhall, the oldest living former superintendent of the United States Coast and Geodetic Survey, and a physicist of international reputation. Dr. Mendenhall resided for many years in Washington, but since his virtual retirement from active affairs he has made his home in Ohio, in which state he was born Oct. 4, 1841. His life has been filled with honors and activities covering an unusually wide field. In addition to the superintendency of the coast survey he has filled at various periods in his career professorships at Ohio State University and the Imperial University of Japan and the presidency of Rensselaer Polytechnic Institute and of Worcester Polytechnic Institute. He was a member of the first Bering Sea Commission and of the Anglo-American boundary commission in 1892-94.

Robbers Take \$425 Worth of
Gold and Platinum From DentistEnter Office of F. D. Leipold Last Night and Have Not
Yet Been Apprehended.

Dental parlors of this region have been singled out by a robber or robbers operating through Clearfield county and the dental parlors of F. D. Leipold were robbed last night of over \$400 worth of gold plate and platinum. It will be remembered that about a week ago three dental offices of DuBois were robbed in one night. No doubt the crime here was committed by the same party or parties although the officers are not confining their investigations to this line alone.

Dr. Leipold left his office last night at ten thirty after working all evening and returned this morning shortly after seven o'clock and did not discover the robbery until he went into his work room to start on a piece of construction work where he left off last night. Not finding it in the spot where he left it he thought he might have put it away but could not re-

Peranchi Appointed
To Succeed OkumaNew Prime Minister Is Advocate of
Aggressive Expansion Policy.

Tokio, Oct. 4.—(By United Press)—Mecha Peranchi has been appointed prime minister to succeed Okuma who resigned yesterday. Peranchi who has been governor of Korea is a fighting man has been strongly supported by Japanese leaders favoring a strong military policy. He is understood to have the candidate of the upper house in the Japanese parliament. He is described by writers as the champion of an aggressive expansion policy particularly that which refers to China. One of the Japanese newspapers recently declared that if Peranchi became prime minister it would not be long before the Japanese army would be on its way to Peking.

BROTHERHOOD OF ST. ANDREW.

Cleveland, Oct. 4.—Prominent clergy-men and delegates from every section of America assembled in this city today for the thirty-first annual convention of the Brotherhood of St. Andrew, the great laymen's organization of the Episcopal church. Today was devoted to the reception of the visitors and the sessions of the national council of the organization. Tonight the keynote of the convention is to be sounded at a dinner which will have as its principal speakers Bishop Anderson of Chicago and Geo. Wharton Pepper of Philadelphia. The regular sessions of the convention will begin tomorrow morning, with President Edward H. Bonsall of Philadelphia presiding.

Tener Will Not Act
On Charge of McGrawMcGraw Charges That the Giants
Laid Down in Yesterday's Game.

By H. C. Hamilton
(United Press Staff Correspondent)
New York, Oct. 4.—President John K. Tener of the National league declared to the United Press early today that nothing will be done from his office regarding the charge of Manager John McGraw that the Giants quit in yesterday's game with Brooklyn. Tener's declaration followed a statement by President Herrmann of the National commission that the matter has been laid to rest so far as the commission was concerned. There regrets that so much is made of the matter that appears to him to be of very slight importance. Herrmann declared that the commission would not take up the matter.

MONTANA BAPTISTS
IN CONVENTION

Lewistown, Mont., Oct. 4.—The annual Montana Baptist convention which will begin here tomorrow, was preceded today by the annual session of the Baptist Ministers' union. Delegates from all parts of the States are here for the gathering. The convention sessions will continue several days and will be devoted to an exhaustive review of the missionary, educational, evangelical and other activities of the Baptist denomination in Montana during the last year. A number of lay and clerical leaders of national reputation will be heard during the convention.

\$80 FOR ONE ROBIN

Philadelphia, Oct. 4.—A vigorous campaign against destruction of birds is under way today in the suburbs of this city. Information has reached the authorities that every year, just before late birds start their migration south, many boys and some men roam through the woods with guns, believing the game wardens will not be on the "job" so late in the season. One man has been arrested and it cost him \$80 for one robin, one flicker and a plebian sparrow.

Grampian Fair Better
Than Was ExpectedA Greater Program Tomorrow and a
Crowd Will Be There

The first day of the Grampian Juvenile Fair, in attractions, weather and exhibits is far in advance of expectations. Thousands of exhibits are on display, including thoroughbred horses, cattle and poultry. Farm products and articles made by the boys and girls of Grampian and vicinity are there in abundance. People who have viewed the exhibits claim they are the finest they have seen for years. J. S. Briggs, state insect exterminator is there with his exhibit of bugs and birds and will give a lecture there tonight.

Tomorrow will be another great day at this fair and is expected to excel today in attendance with its attractions. There will be a big industrial parade at 2 p. m. and Con Allen and his wonderful musical family of DuBois will be on hand to entertain. There will also be folk dances by the children and music by the Grampian band. Take the trip by auto tomorrow. You will find this fair a fine thing and it will surpass your expectations.

TAFT-ROOSEVELT
HANDSHAKE IS
TAKEN AS SIGNWilcox Says It Is Evidence of
A Reunited Party and That
The Meeting Was Cordial

FIRST MEETING IN YEARS

New York, Oct. 4.—(By United Press)—The visible sign that the party is completely reunited was how Republican leaders today viewed the Taft-Roosevelt hand shaking at the Union League club last night and that the affair was not just a "How Do You Do" followed by cool formality but that there was considerable "gushing" when the men were leaving. They were jammed in the elevator when one of them said "that was fine" (meaning the speech) "you just hit the point." The man who chronicled the affair was not a good reporter for he did not say which one of them said it or did he give the other's reply, if there was one. He left the impression that Colonel had done the talking. Chairman Wilcox of the Republican National Committee held that meeting showed the country that the party was reunited.

RECALLS NOTHING
UNTIL ARRIVAL AT
GRAVEYARDSo Says W. R. DeHaas to Mr.
Moore in Interview at
HolidaysburgLeft Detroit In Trance and Knew
Nothing Until He Found Himself
In Grave Yard Near Barrett
Station Below Clearfield.

The DuBois Courier this morning gives an interesting account of the troubles of W. R. DeHaas who has been in the limelight for some time over his peculiar actions in Clearfield and nearby towns. We reprint this article because Mr. DeHaas is so well known in this locality and all his friends will be glad to hear any of the particulars relating to the unfortunate circumstances of his life.

W. R. DeHaas, Esq., accompanied by Mrs. Moore and daughter, Grace, returned from Baltimore last evening and en route Mr. Moore visited W. R. DeHaas at the hospital in Holidaysburg and gave the Courier representative the following information in reference to Mr. DeHaas' condition:

Mr. DeHaas, on the 15th of September, held a responsible position with the Detroit Steel Products company, received his pay check and took it home and left it with his wife. He had been working hard, reaching the office very early every morning and applying himself very closely and finally became a victim of insomnia and was unable to eat his meals. On the morning of the 16th he started for the office and finding a drizzling rain, returned to the house for his umbrella and started anew. On his usual route it was his custom to look at the clock in the tower of the High school building and this morning he noted the time and this is the last recollection he has of himself and his doings and whereabouts until he awakened one morning nearly a week later in the old grave yard near the Barrett railroad station, below Clearfield, at his mother's grave. From this time on until he was taken in charge at Altoona he can recall but a few things which occurred, knows he was in Clearfield, then he grabbed a grip and started for a train, but is not aware that he took or used anything which belonged to anybody else. When he left Detroit he had but his usual pocket change with him and he is at a loss to know how he could have reached this section with so little money. That there could have been no motive whatever for his actions in Clearfield and Altoona is evidenced by the fact that he had plenty of money in a bank in Detroit, having lately disposed of his residence in DuBois, and the night before he entered upon his wanderings he had ar-

Inquiry Into PolicyJustice Stafford So Decides In Case
Affecting L. & N. Railway.

Washington, Oct. 4.—(By United Press)—The Interstate Commerce commission is empowered to inquire into the policy of the activities of the railroads, Justice Stafford of the District Supreme Court decided in an order to Milton H. Smith, president of the Louisville & Nashville railroad who refused to answer questions asked by Councilman Folk. Smith alleged that it did not come under the scope of the commission's power to inquire into the private affairs of the railroad.

CATHOLIC CHANCELLOR
KILLED IN AUTO WRECK

Peoria, Ill., Oct. 4.—(By United Press)—One of the worst automobile accidents to happen in many months took place here Rt. Rev. Sheuertz, chancellor of the Peoria Catholic diocese was killed outright and Bishop Dunne and Father Shannon, Vicar-general were seriously injured today. The accident happened at Peoria Heights, the automobile turning over and pinning Father Sheuertz under it. Bishop Dunne was injured internally and Father Shannon sustained a broken leg. The party was on its way to Princeville to attend confirmation services.

LAND PRODUCTS
SHOW AT SEATTLE

Seattle, Wash., Oct. 4.—The most extensive display of agricultural products seen in Seattle since the Alaska-Pacific exposition is the Northwest Land Products show, which opens in the Arena today for a ten days' engagement. The exhibition embraces attractive displays of all varieties of fruits, vegetables, grains and grasses grown in this section of the continent. Montana, Oregon, Washington, Idaho and British Columbia are represented by State and county displays. Alaska also has an attractive exhibit.

Steel Mill Shuts Down
Saloons Closed DownBig Plant at Donora Closes Doors
to 1500 Employees.

Donora, Pa., Oct. 4.—(By United Press)—All saloons have been shut down following the closing of a plant of the American Steel & Wire company. 1500 men are out of employment and it was feared there might be a riot. Most of the men have sought work elsewhere, but the majority of the workers with families have remained. The company alleges they closed for repairs.

TO INSTALL NEW
HEAD OF DARTMOUTH

Hanover, N. H., Oct. 4.—The various committees today put the final touches to the program of ceremonies to take place in connection with the formal inauguration of Dr. Ernest Martin Hopkins as president of Dartmouth College. Tomorrow there will be reunions and other features preliminary to the installation of the new president, which will take place at exercises to be conducted Friday morning in the college chapel. The program prepared for the occasion will aim to emphasize throughout the place of the old-time college in the scheme of present-day education.

FIRE UNDERWRITERS
OF NORTHWEST

Chicago, Ill., Oct. 4.—The annual convention of the Fire Underwriters' Association of the Northwest met in this city today, with headquarters at the Hotel LaSalle. Several hundred fire insurance special agents, representing many large companies in the Northwestern states, are attending the meeting. The sessions will continue three days.

ranged for the purchase of a home in Detroit.

Mr. Moore interviews Dr. Sommers, the county physician of Blair county, in whose care Mr. DeHaas has been. Dr. Sommers has closely watched the case and says it is the third of this kind in the many thousands of patients he has treated for mental difficulties. Dr. Sommers diagnoses the case as a nervous breakdown, brought on by overwork, causing insomnia and finally his condition when he left Detroit and also says that Mr. DeHaas was entirely irresponsible for his actions during this period.

Wilson Subject at
Omaha AnnouncedWill Be "Preparedness for Peace"
Which Is a Live Topic.

Pittsburgh, Pa., Oct. 4.—(By United Press)—On board President Wilson's train. President Wilson is rushing today for his first big campaign trip to the heart of the country. He will cover the same route that he covered last winter. "Preparedness for Peace" will be the title of the address given by President Wilson at Omaha on Thursday evening. The President was here for two hours but few knew it. Several hundred railroad men and Democrat enthusiasts stood around the private car in which the President slept. The trip west is a fast one. From Chicago the President will take the "air line" and will go on to Omaha with few stops.

PLAN FIGHT ON PREJUDICE.

Washington, Oct. 4.—A nation-wide organization of colored citizens formed to combat race and colored prejudice and discrimination is expected to result from a two-day meeting of the National Colored Citizenship League, which began its sessions in this city today. The conference is being held under the auspices of the National Equal Rights League, of which the Rev. Byron Gunnery of Hillburn, N. Y., is the president. Delegates from widely-separated sections of the country were on hand at the opening of the proceedings today.

Louis Shapiro left last evening on a business trip to Lock Haven.

British Force Under Gen. Haig
Take Eaucourt-L'AbbayeBulgarians Take Possession of Varnal Railway
Fear is Felt for Roumania

London, Oct. 4.—(By United Press)—British forces under General Haig advanced their lines to within three miles of Bocham and have taken the town of Eaucourt-L'Abbaye after violent fighting for several days. The capture resulted after nearly all the Germans were driven from the town. The Germans stubbornly held up during the fighting. French forces on the Somme have taken 200 German prisoners while Bulgarians have taken the town of Malok on the Danube according to official announcement. It was admitted in Sophia dispatches that Bulgarians have taken possession of the Varnal railway. No anxiety is felt for Roumania however, the fact that they have planted their forces along the Danube is felt to be proof enough that they command the situation.

Berlin, Oct. 4.—Roumanian forces have crossed the Danube and the Bul-

garian forces are fleeing it is announced this afternoon. The town is surrounded on three sides by Russian and Turkish troops. Russian troops have crossed the Danube and have penetrated garian's left flank and have Rasova in the Danube region officially announced today.

CURWENSVILLE NEWS

Miss Amanda Laing returned one last week from a lengthy visit to relatives in West Virginia.

Mrs. Joseph Hipps and Mrs. Alice Linder, South side, will leave on Thursday for Wilkes-Barre where they will attend the W. C. T. U. convention.

Curwensville physicians report the town generally in a healthy condition. There are very few cases of illness, either among the children or adults.

H. K. Carpenter, of Clarksburg, W. Va., arrived at the Park House Sunday evening. He will spend the remainder of the week with his parents and his family.

William Norris, a son of Samuel Norris, residing in Pike township, had all luck last Sunday to shoot a mole through one of his toes while engaged in extracting some cartridges from a gun. Dr. Blair dressed the injury.

George Laing left yesterday, his objective point being Connecticut. He went out on this trip by a truck company to trace and locate five loads of brick which were shipped from the works some time ago. If the cars are still on terra firma "Reddy" will be sure to locate them in good time.

Members of the school board certainly had their hands full yesterday evening complaining from parents who had children that were being transferred from one school house to another. South side children kicked about coming over to this side of town, and the children over on this side did not want to go to the South side.

The Mrs. Owens' adult bible class at the M. E. Church held a dime social in the basement parlors of the church last evening. Thirty members responded to the call and were present. Coffee, cake and

ice cream were served as refreshments. The collection amounted to \$3.15. On Thursday evening, October 12th, this class will hold what they will term a birthday social, and will put in most of their time sewing and working fancy work.

Ed. Wilson met with an auto accident yesterday afternoon which might have resulted disastrously to himself and to his companion. He and Constable Moore were on their way to Clearfield from Glen Richey and on the hill above Clearfield the wheels of the machine collided with a stone, turned the auto into the bank and turned turtle. Both men were thrown out and received several severe cuts and bruises. The windshield of the machine was broken and other damage done. Mr. Wilson was driving the Penn Public Service company's new Ford.

It was a noticeable feature that the American flag at the public school buildings was not unfurled on Monday at the opening of the schools. Whether this was an oversight or the flags had become so tattered that they could not be thrown to the breeze, was not learned last evening. It thrills the heart of every school child to see Old Glory floating from the top of the high flag poles and they were the ones who missed it most on Monday morning. Run up the old flag and let her float as long as a thread of it holds together, and when the present one is no more, another one will be forthcoming immediately.

The W. C. T. U. petitioned borough council Monday evening for the privilege of using the borough building over on Susquehanna avenue on Friday afternoon of each week for the purpose of conducting a class in physical culture. Council readily granted the request, and further advised the ladies that they were welcome to use the ground floor of the first ward building, as they would then have an already heated room. Whether the class was to consist of both sexes or

of just females was not stated, but let it be as it may, the idea is a good one, and when the class becomes rightly installed and at work, good results will surely follow.

Borough council at its meeting Monday evening was not attended by a full board, those present being Pres. Irvin and Strickland of Second ward and Messrs. Smith and Johnston, First ward. The first thing done was the reading of a communication from Burgess Caldwell relative to his veto on the M. A. Caldwell drain matter. The minutes of an adjourned and last regular session was read and approved all but the burgess' veto drain item. John McLaughlin was present and asked for a sidewalk grade in front of his property on east side of river. This brought on a discussion regarding the rightful ownership of said street and the keeping up of sidewalk in rear of his property leading to top of Irvin hill. Finally it was obtained that the grade be established. Mark Patterson was also present with a complaint relative to property owners below him having no sidewalks, and that he was tired wading mud and asked council to enforce ordinance relative to building walks. Referred to burgess who will serve the proper and legal notice on said owners, Messrs. Spencer, Patton and Harris. Sewer committee on the W. D. Gates complaint continued. Robinson and Bloom tap question came up and it was agreed that Bloom was willing to pay his by payments while the Robinson side was referred to the solicitor for collection. Burgess reported progress on the pavement building, and will proceed at once on properties who were legally notified to build and have not complied. The Bailey walk on Meadow street was reported to be in bad condition, and burgess stated that the owner had been legally notified to repair or rebuild some time ago. The proposition to put in a fire plug on the Harrison road was abandoned as it was reported that the water on that line had not sufficient force to do any good in case of a fire. Nothing further along business lines was done, except the passing of some bills and the drawing of borough warrants for the amounts.

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if bladder bothers You.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation (torpid liver, sleeplessness, bladder and urinary irritations).

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

VETERANS OF WEST VIRGINIA.

Huntington, W. Va., Oct. 4.—Hundreds of Confederate veterans from all sections of West Virginia and a number from the neighboring States are here in attendance upon a two-day session, beginning today, of the annual reunion of the West Virginia Division, United Confederate Veterans. The city is profusely decorated in honor of the old soldiers. Gen. C. S. Pyton, division commander, presided at the opening of the proceedings today. Among those scheduled to address the reunion is Robert E. Lee of Baltimore, a grandson of the famous Confederate Chieftain.

High Toes and High Heels, But Not High Prices.

In our showing of the New Fall Styles you will find all the latest kinds known to the shoe craft without the usual high prices attached

We are after a big volume of business.

We're satisfied to let the other fellow sell a few pair a day at a large profit. We want to sell triple the amount he does and only make half the profit he makes and that's just what we are doing every day. We're handling an immense volume of business at a small margin of profit, how do we get the business? We put more money into a Shoe to sell at a given price than any other shoe dealer in town. This extra money talks. It brings out more styles, better class of workmanship, higher grade leather, finer trimmings and make the extra Value Stick out all over our Shoes and they sell themselves to the person who compares.

Just take a glance into our Show window. Some day or better yet drop in and slip on a few of the many styles. Our competent feet fitter will show you and will tell you more in a moment than we could write on a full page.

CINCO CIGARS

Now Five Cents Straight

Owing to the increased cost of production, the manufacturers of CINCO Cigars, OTTO EISENLOHR & BROS. INCORPORATED, have advanced their selling price to the dealers, and, in the future, this cigar will be sold to the consumer absolutely at five cents straight, instead of six for a quarter, as heretofore.

The CINCO Cigar has attained a national reputation, and, through the maintenance of a high standard of quality, has become the largest seller in the world, and the manufacturers deemed it advisable to advance the price rather than sacrifice its long-established quality.

At the home of Mrs. Grant H. Thompson on Front street yesterday afternoon one of the most delightful and elaborate luncheons ever given in Clearfield was given at one o'clock by Mrs. Grant H. Thompson and Miss Virginia Bigler. Tables were arranged throughout the house at which sixty-six guests were served to an excellent luncheon.

On each table were bud vases with roses in them.

Following the luncheon card tables were arranged for those who wished to play and nine tables were used in the game of bridge.

The out of town guests were: Mrs. Rembrandt Peale, of St. Benedict; Mrs. W. O. Batchlor, of Glen Richey; Mrs. J. O. Clarke, of Glen Campbell; Mrs. William H. Denlinger of Patton; Mrs. S. C. Russell, Mrs. A. E. Patton and Mrs. R. D. Swoope, of Curwensville.

Misses Grace and Pearl Moore entertained at progressive euchre last evening at their home on Second St. Four tables of euchre were in play and a most delightful social evening was spent. Several vocal solos by the guests were pleasing to all. Each one caught the spirit of the evening, and a most enjoyable time was had by all. A delicious lunch was served.

SUFFRAGISTS TO HOLD MANY MEETINGS FOR THE CAUSE

New York, Oct. 4.—(By United Press)—Mr. Candidate for Congress, just how do you stand on the Susan B. Anthony Federal Suffrage amendment.

The National American Woman's Suffrage association wants to know and to that end has named October 7 and 21 as October Anthony days. Public meetings will be held by local organizations of the National association all over the country October 7. The views of the candidates on suffrage will be presented by speakers who have questioned them. Suffrage speeches will be made and the voters, suffrage states and otherwise will be urged to vote for candidates who favor the Federal amendment. It is announced that they will be strictly non-partisan. No candidates will be endorsed but the speakers will make plain their hostility to candidates unwilling to vote for submission of the amendment.

Between October 7 and 21 the suffrage workers will make a canvas of the non-committal candidates and the "antis" and if any have changed their minds, the country will learn it from the suffragists at the second group of meetings October 21.

Straws Show—

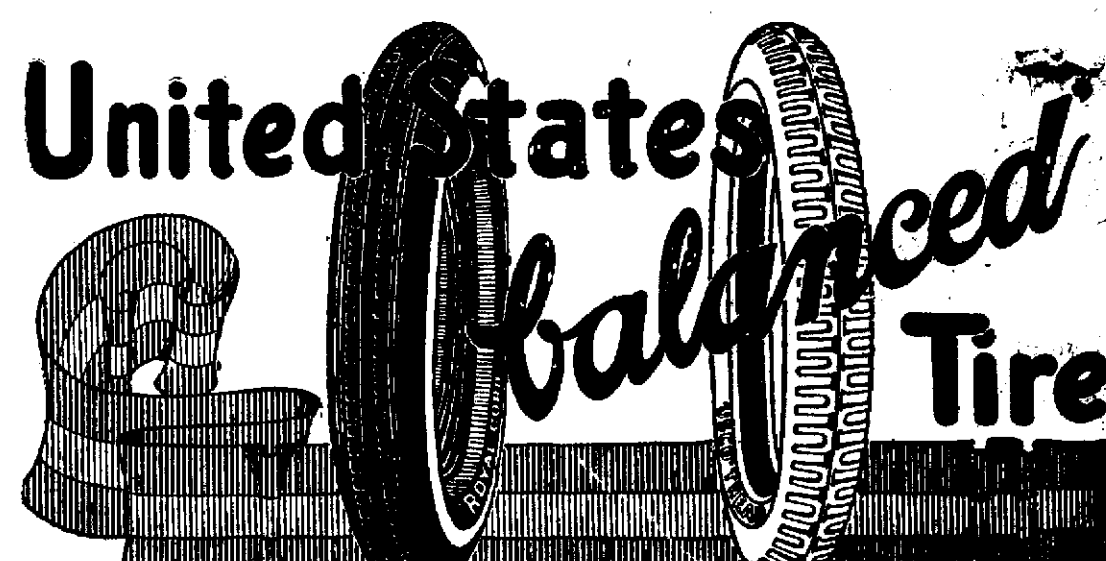

Motorists buy a certain make of tires for the first time because it is sold to them—through advertising, salesmanship, or the good words of satisfied users.

But motorists continue to buy that make of tire only because the first tires have made good—have given satisfactory mileage and service.

Motorists bought United States Tires so consistently that, during the first seven and one-half months of this year, we sold and delivered more tires than during the entire twelve months of last year.

And motorists are continuing to buy United States Tires at the same phenomenal rate.

If straws show which way the wind blows, such phenomenal sales increases certainly show where the best tire service comes from.

A complete stock of United States Tires carried by LEE GARAGE COMPANY, Clearfield, Pa.
